Rules

Please refer to the Rulebook for detailed rules of each Game:

<http://www.uscaninescentsports.com/rules/>

Briefly:

Copy Cat – There will be 1 known hide. Once the handler releases the dog to search, the handler may not move or talk. The judge will call the “alert.”

Heap O’Hides – There will be 1-10 unknown hides. Competitors must find as many hides as possible within the allotted time.

Ludicrous Speed – There will be 5-10 unknown hides. The team will have 45 seconds to find the first hide. After that, the team has 30 seconds to find each subsequent hide.

Pairs – Teams of 2 locate an unknown number of hides, between 5 and 10.

Pairs may be formed by:

- Competitor Choice: Competitors would form their own teams and would then email the Trial Secretary by 15th Mar 2024.
- If handlers don't submit their teammate choices ahead of time, the host will set up any unmatched competitors by random draw.

The search area may consist of any Element or combination thereof. Teammates strategize to determine how to search and clear the area. Only one team member may be in the search area at a time, and each team member must find at least 2 hides or be assessed a disqualifying fault. They may switch who is searching as many times as they chose, as long as only one team is in the search area at any given time. Calling finish is required to stop the clock; if 'finish' is not called before time runs out, the team will receive max time. Either teammate can call finish when they think they are done searching. Points are earned as a percentage based on the number of hides. Searches must be conducted on-leash. NOTE: A handler has the option to sign up with 2 dogs. If this is done, they need to have a second person to hold one of the dogs while the other is searching.
